

## AFTER SCHOOL CLUB ENRICHMENT CLUBS

### *Lower School*

#### 2nd and 3rd Grade Makey Makey

**Club Description:** A makey makey is an electronic device that allows students to explore and connect everyday objects to computer programs. It contains three basic elements: the Makey Makey circuit board; alligator clips (to connect the board to everyday objects), and a USB cable (to connect with any computer). Students will use the makey makey to transform almost anything into a “key” that tells a computer what to do, whether that is typing a letter or controlling a game character.

**Program Dates:** *Thursdays and Fridays, September 14, 2017 - October 13, 2017*

**Time:** *3:00pm - 5:00pm*

**Lottery:** *Monday, September 11, 2017*

#### 4th and 5th Grade iMovie Club

**Club Description:** In the iMovie Club, students will be introduced to digital storytelling. They will come up with a concept/theme and integrate it into a multi-media project by choosing a topic and producing a movie. Students will use the iMovie app on the iPad to storyboard, edit videos, use camera angles, and special effects, along with many other techniques to create an amazing movie.

**Program Dates:** *Thursdays and Fridays, October 26, 2017 - December 1, 2017*

**Time:** *3:00pm - 5:00pm*

**Lottery:** *Friday, October 13, 2017*

#### Kindergarten and 1st Grade LEGO Storytelling Club

**Club Description:** Get ready to set out on a new adventure through the use of LEGOs! In the LEGO Storytelling Club students will use their creativity and imagination to build stories with LEGO bricks and figures. In this club your child will learn how to work together with other students, and boost their reading, writing, speaking, and listening skills.

**Program Dates:** *Thursdays and Fridays, November 16, 2017 - December 21, 2017*

**Time:** *3:00pm - 5:00pm*

**Lottery:** *Wednesday, November 8, 2017*
